DETAILED ACTION

Response to Amendment

Amendments filed 9/19/05 have been entered. Claims 1-4, 6-17, and 19-22 are subject to examination herein.

Allowable Subject Matter

Claims 1-4, 6-17, and 19-22 are allowed.

The following is an examiner's statement of reasons for allowance:

Re claim 1, prior art discloses a method according to claim 1 but fails to recite the limitation wherein the second measuring device projects a line perpendicular to the longitudinal direction with which the shape and spatial location of the material strip along the line is determined.

Re claim 15, prior art discloses a method wherein the second measuring device exhibits a laser projection device, but fails to specify the limitation wherein the second measuring means exhibits a camera for the acquisition of a projected line in a pixel matrix.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Arguments

Applicant's arguments, filed 9/19/05, with respect to claims 1-4, 6-17, and 19-22 have been fully considered and are persuasive. The rejection of claims 1-4, 6-17, and 19-22 has been withdrawn.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Hold (US 4,542,297) discloses an apparatus for measuring profile thickness of strip material.
